

WEEKEND WARRIOR / LESS RUSH. MORE OUTSIDE.

A weekend away. Ready when you are.

A quick check before you leave, when you arrive, and before you pull out. Follow your rig and component manuals.

DESTINATION / DATES

01

Before you leave

- ☐ Book a site that fits your full rig; confirm access, hookups, and arrival details.
- ☐ Check the weather, route, and current fire, camping, and access rules.
- ☐ Pack compatible hookup equipment; keep potable-water and waste gear separate.
- ☐ Check tires, lights, hitch as applicable, and secure the rig for travel.

02

Settle in at camp

- ☐ Walk the site for hazards, then park, level, and stabilize as the manual directs.
- ☐ Check utility connections and locate potable water and approved waste disposal.
- ☐ Keep maps, key contacts, and a simple backup plan available offline.

03

Leave it ready for the road

- ☐ Disconnect and stow utilities; retract and latch exterior equipment.
- ☐ Secure the inside, then walk around the rig and check above and below.
- ☐ Pack out waste and leave the campsite clean.

DON'T FORGET NEXT TIME
